I've spoken with OLL and they advised that the House Tax Reform Bill has been amended to change the date to 30 June 1986. If the Senate passes the same language, it would mean that you must be on the retirement rolls by 3 June 1986 in order to be treated under the old system. asked that I give this to you so that you can advise the DDA. Please call me if you have any questions.
